

2018 Bright Ideas Luncheon

This year we will be revisiting the "Bright Ideas" concept but with a competitive twist. Have you ever thought about presenting at conference but didn't think you had enough material for a 50 minute presentation? How about 10 minutes? Better yet, how about four minutes? We want to learn from your best idea. Any interested teacher can sign up in advance so we can incorporate your visuals (pictures, short outline, etc.) into our powerpoint and create a ballot sheet. Prizes will be awarded. Sign up [here](#) if you want to participate.

Each attendee will also receive some post-it notes with their registration packet: simply write down tips and tricks that you have found beneficial in your studio, teaching, performing, or personal management and stick them on the "Bright Ideas" poster at conference, and stop by throughout conference to see what others have added.
